A Word about Progress Reports

How do I know if my child is progressing well?

For learning center students, each grade level is divided into 12 PACES in each subject. Students must complete 12 PACES in order to move to the next grade level in each subject. To be on grade level, learning center students should have completed the following PACE numbers in each subject by last Friday, the end of our 4th 3-week period:

- 3rd grade—PACE 1028**
- 4th grade—PACE 1040**
- 5th grade—PACE 1052**
- 6th grade—PACE 1064**
- 7th grade—PACE 1076**
- 8th grade—PACE 1088**
- 9th grade—PACE 1100**
- 10th grade—PACE 1112**
- 11th grade—PACE 1124**
- 12th grade—PACE 1136**

If your child is not completing the above PACE numbers for his/her grade level this week, call the school office (352) 375-1144 to discuss this situation with us.

We will need all athletic fees and sports forms (<http://www.windsorchristian.academy/documents/sportscertificates.pdf>) completed and turned in soon. Please see our calendar on page 2 for practice schedule and times. On days when we practice at Eliam Baptist Church, we will return to Windsor Christian Academy for pick up at 5:00 PM. On days when we practice on our campus, the pick up time is 4:30 PM.

In addition to our school year calendar available on our website (www.windsorchristian.academy/documents/schcalendar.pdf) we plan to update this monthly school calendar in each weekly issue of this newsletter. We hope it helps parents and students keep up with all our activities throughout the school year.
